PRODUCT NOTE

Tata Ultra T.19

Ultra T.19 is a next-generation 18.5T GVW truck designed to deliver best-in-class drivability, superior fuel efficiency, enhanced uptime, and higher payload capacity, making it ideal for high-speed regional and intercity logistics.

Powered by a new-gen 3.6L engine that produces 168Hp and 600Nm of torque across a wide rpm band, and paired with the GBS 550 MK II 6-speed gearbox and 295/90 R20 radial tube tyres, the Ultra T.19 achieves 5–6% higher fuel economy than competitors while ensuring faster turnaround times, reduced gear shifts under load, and improved overall drivability. Its advanced sleeper cabin, compliant with global safety standard of ECER29.03, offers superior visibility, reduced NVH levels, and enhanced utility space, while features like Fleet Edge help real-time goods tracking, providing transparency and reliability for consignors and consignees.

With multiple deck length options ranging from 20ft to 32ft, robust aggregates, extended service intervals, and connected vehicle solutions, the Ultra T.19 sets a new benchmark in sustainable, efficient, and profitable fleet performance.

Key Features

- 5-6% fuel efficiency improvement through optimized engine calibration, DA-VNT turbocharger, and efficient driveline
- Smooth cable-shift mechanism for reduced driver fatigue and improved fuel economy
- Walkthrough cabin with ergonomic seating, recliners, enhanced storage spaces, and low NVH for driver comfort
- Improved SCR & DEF system with remote-mounted supply module for enhanced reliability
- Extended service interval of 80,000 km resulting in lower maintenance cost and improved uptime

Applications: Agri-Fruits & Vegetables, POL and chemical tankers, LPG carriers, Courier and parcel logistics, E commerce and light goods distribution, Industrial goods transportation, Auto logistics

Technical specifications:

Parameter	Specification
Engine	3.6L
Power	168Hp @ 2200 RPM
Torque	600 Nm @ 1400-2000 RPM
GearBox	GB550 MK II 6S
Frame	200 x 60 x 7
Load Body Options	17Ft, 20Ft, 22Ft, 24Ft
Tyre size	295/90 R20
Clutch Size (mm)	330 mm Dia
Brakes	Air Brakes
Steering	Tilt and Telescopic Power Steering
Grade-ability	22.2%
Suspension - Front	Parabolic with Hydraulic double acting telescopic type Shock Absorber
Suspension - Rear	Semi elliptical leaf spring
GVW (kg)	18500
Payload (kg)	12600
Seating Capacity	Driver + 2
Warranty	3 years or 300000 Kms
